Summary

Austria regularly reports hate crime data to ODIHR. Implemented in 2021, Austria's new hate crime recording system represents a good practice in the region. The Austrian Ministry of the Interior is also a member of the civil society network "Hate Crime Kontern", which strengthens hate crime co-ordination and victim support, and co-operates directly with civil society organizations. Hate crime statistics collected by the Ministry are published online each year.

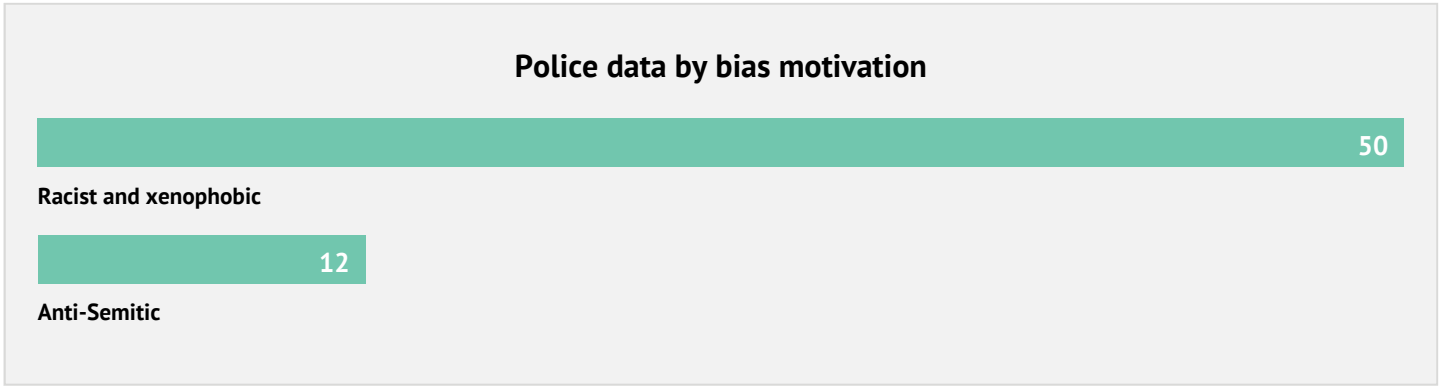

In January 2023, Austria implemented ODIHR's Diagnostic Workshop to Assess National Structures and Services for Hate Crime Victim Support.
