Summary

Belgium regularly reports hate crime data to ODIHR. Recent initiatives to improve hate crime identification, recording, and data collection have been implemented through ODIHR's Information Against Hate Crimes Toolkit ([INFAHCT](#)) program. In particular, Belgium has implemented the program's recommendations on the operational practice of police, prosecutors, and equality bodies.

Crime victimization surveys and research are frequently conducted in Belgium. "Safe.brussels", the Brussels public service responsible for crime prevention and security within the Brussels-Capital Region, conducts surveys on the perception of security and crime victimization among the general public every two years.
