Summary

Estonia reported hate crime data to ODIHR for the 2022 Hate Crime Report.

The Ministry of Justice is responsible for collecting hate crime data. The main strategy that addresses hate crime is the "Internal security development plan 2020-2030 (*Siseturvalisuse arengukava*, 2020–2030)".

The Estonian Human Rights Centre, a major civil society organization (CSO) working on hate crimes in Estonia, is engaged in raising awareness, strengthening co-operation between CSOs and the state, and advocating for more effective laws and policies.

In 2017, ODIHR organized a workshop on understanding and improving hate crime recording and data collection and also implemented its Training against Hate Crimes for Law Enforcement (TAHCLE) programme in Estonia. In 2022, ODIHR organized an online workshop to assess national structures and services for hate crime victim support in Estonia, which resulted in a number of recommendations issued to the Estonian authorities.
