# 1 2017

## Summary

Slovakia regularly reports hate crime data to ODIHR. Slovakia has implemented ODIHR's Training Against Hate Crime for Law Enforcement (TAHCLE) programme since 2017 and the Prosecutors and Hate Crime Training (PAHCT) programme since 2018. In 2018, the Ministry of Interior co-organized with ODIHR and the EU Agency for Fundamental Rights a workshop on understanding and improving hate crime recording and data collection, based on ODIHR's Information Against Hate Crimes Toolkit (INFAHCT). There is a high degree of hate crime specialization in both police and prosecutor structures in Slovakia. In 2023, ODIHR delivered online training sessions for employees of crime victim information offices from across the country, focusing on the sensitive and respectful treatment of hate crime victims, particularly on the specific needs of vulnerable victims, such as Roma and Sinti and LGBTI+ community members.

The Committee for the Prevention and Elimination of Racism, Xenophobia, Anti-Semitism, and Other Forms of Intolerance acts as a government advisory body. The Committee has established working groups on hate speech on the Internet and anti-Semitism, in line with the Memorandum on Co-operation between the Ministry of the Interior and the Federation of Jewish Communities of Slovakia. The working groups include representatives of the police and the Prosecutor's Office, as well as civil society organizations focusing on human rights, anti-Roma racism, and anti-Semitism.
