### ODIHR's Key Observation

ODIHR observes that Switzerland has not reported on hate crimes separately from cases of hate speech or discrimination.

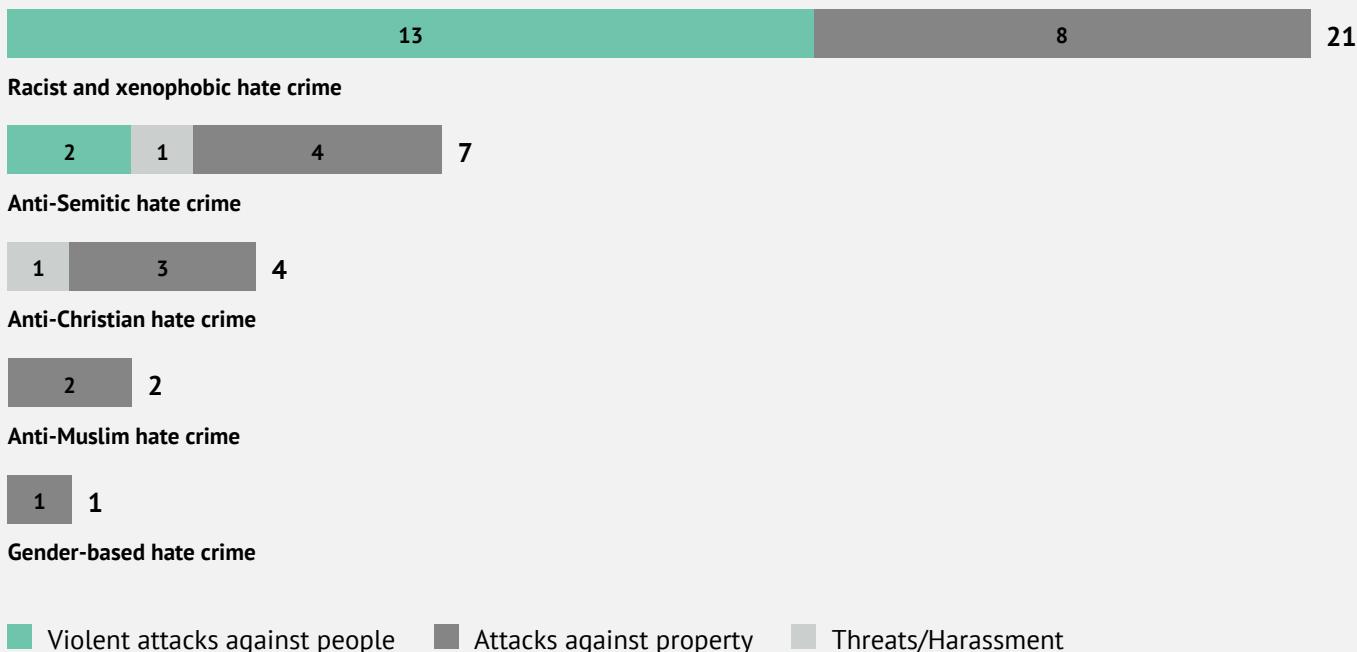

## Official Data

Figures consist of hate crimes committed in public, of crimes of incitement to hatred and crimes involving discrimination. As such, many of incidents listed here fall outside the scope of the OSCE's hate crime definition of a hate crime. A breakdown of sentencing judgments by bias motivation was reported to ODIHR. The figure for sentenced cases was updated in October 2024 as per the official request to reflect the changes in the official statistics.
