According to this instruction, individual employees who supervise the investigation of these criminal cases were assigned to the investigation departments of the National Police at the regional level, and are also to inform the main investigation department of the results of their investigations.

An employee of the main investigation department of the **National Police** was assigned to monitor the unified register of pre-trial investigations on the progress and results of investigations of criminal proceedings initiated on the basis of racial, ethnic or religious intolerance, as well as the analysis and verification of information on hate crimes which appear in mass media.

Specialists from the main investigation department of the **National Police**, in co-operation with representatives from the **Lviv State University of Internal Affairs**, developed recommendations on the "peculiarities of investigating crimes committed by bias motive," aimed at improving the skills of investigative units addressing these crimes.
